## Össur Celebrates 50 Years!

Dear {{Recipient.FirstName}},

Happy New Year! We hope you have enjoyed your holiday break. In 2021, we are excited to be celebrating 50 years of Össur. Össur was founded in 1971 by Össur Kristinsson, a Prosthetist/Orthotist in Iceland who developed a silicone prosthetic liner that he called Iceross<sup>®</sup>. Now 50 years later, we're proud to be continuing his mission to pioneer mobility solutions based in science and innovation, allowing people around the world to live #LifeWithoutLimitations.

## Join Our Next Webinar

### The growing burden of arthritis - The Promise and Reality of Regenerative Medicine

Join Dr Julien Freitag, as he discusses mesenchymal stem cells (MSCs) ability to differentiate into bone and cartilage that has seen considerable research interest in their potential to assist in musculoskeletal repair and regeneration. Both pre-clinical and early phase clinical trials have shown a reproducible benefit of stem cell therapy in managing OA with observed pain, functional and structural improvements..

**Date:** Wednesday, 17 February 2021

**Time:** 7:00pm - 8:00pm ADST

## ReSolve Halo

### Product Discontinuation Notice

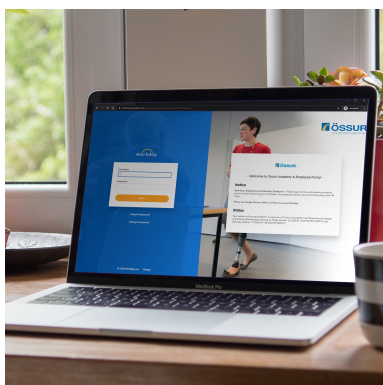

Össur has now discontinued manufacturing the ReSolve® H System, J-Tongs and associated accessories globally. Össur has determined that global demand for Halo and cervical tractors has declined and without significant investment in these products, they cannot continue production.

After a lengthy run out of remaining stock in 2020, Össur Australia has now ceased selling these products. There will be no replacement or alternative products to replace these product lines in Australia or worldwide.

This discontinuation will allow Össur to continue its ongoing investment in its global bracing and supports portfolio.

We will endeavour to answer any concerns as best we can, rest assured that we will continue our clinical and technical support of the Össur ReSolve Halo for as long as you still have stock on hand or on patients. We thank you for your understanding and encourage you to reach out to your local Össur representative with any further questions you may have.

## Össur Academy Online is moving to a new site!

If you took Össur Academy Online courses in the past, your learning history has been brought over to our new learning management system. Please check your email for your login information. As before, we will continue to submit your participation to AOPA every 30 days for learners in Australia; we now have 14 courses to choose from in our library.

Please bookmark the new URL for quick access to the new learning management site: [wd3.myworkday.com/ossur](http://wd3.myworkday.com/ossur)

The following URL is no longer active so please remove this from your bookmarks: [ossuracademy.starcast.net](http://ossuracademy.starcast.net)
