11TH AUSTRALIAN ORTHOTIC PROSTHETIC ASSOCIATION
O&P CONGRESS *Reflections & Projections*
WE'RE EXHIBITING
4-5 MARCH 2022
PART TWO: IN-PERSON CONNECTION

Do you have patients on elective surgery waiting lists in Australia & New Zealand

As several states put elective surgeries on hold once again, we have seen increased enquiries from end users searching for interim bracing options. Patients with knee OA who are not listed as a category 1 surgical candidate may find pain relief from our OA solutions portfolio of braces. An interim brace does not need to be costly for the patient when considering what options, they have. The Formfit OA Ease knee brace has been designed for all moderate daily activities, is low-profile, comfortable, and adapts to a variety of leg anatomies.
