Össur Green Initiative - Package Update

As part of our ongoing commitment to being a carbon neutral company, Össur are now looking at sustainable alternatives to the packaging and supply of our products. You can expect to see some exciting changes to our packaging as we eliminate product bags or boxes where possible, reducing plastic packaging material, and replacing them with tissue, minimising ink and printed finishes, as well as lowering box volume for improved shipping efficiency.

You will start to see products arrive in brown eco-friendly boxes as we explore greener material options and implement these in the market. Click the button below to learn more about our sustainability journey.

Conference Season is Underway

In the coming months, our team of clinical specialists will be on the ground to answer questions at two of the calendar year's biggest events. The Australian Orthotic Prosthetic Associations 2022 Congress is returning to the Crown Conference Centre from October 13-15. This is Australia's largest O&P event and Össur are proud to once again be a major sponsor. From October 30-November 3, we shift our focus to New Zealand where we will be present at the Australian Orthopaedic Association/ NZOA Combined Annual Scientific Meeting in Christchurch. Visit our event calendar to find out more about upcoming events.

Össur CTi[®] Ambassador - Jemma Wilson

"I have been protecting my knees with CTi Knee Braces for 17 years because they offer the best protection, best fit and the greatest customer service I have ever experienced! And now, I also have the prettiest knee braces out!

I competed in 12 A4DE's, 13 years of AORC's, 7 ISDE's and 5 years of Enduro World Championship (GP's), all with CTi Knee Braces. Now in my retirement I coach and ride about 4 days a week and partake in all the fun events I can (Jemma Wilson Events, Transmoto, Dust Hustles, Adventure rides and coaching) knowing that my knees are still being looked after!"
