

TECHFORM® ORTHO-ROLL

Developed in collaboration with orthopaedic professionals, Techform Ortho-Roll represents the first major breakthrough in orthopaedic splinting technology in decades.

In focus groups, Techform Ortho-Roll rated from “Good” to “Excellent” in every key category, including handling, conformability, padding, water retention, dispensing method, ease-of-use, overall appearance, and overall satisfaction. Techform Ortho-Roll simply performs better.

FEATURES & BENEFITS

Quickdry is a patented, revolutionary orthopaedic padding material. Quickdry padding never really stays wet. Water simply passes straight through it. The result is less risk of skin maceration. Plus, it saves you application time.

Box opens easily along perforation

Instructions are right on the box

Closure rod creates an air tight seal
