

Hello {{Recipient.FirstName}},

We're excited to share some updates with you. In this edition, share the key features and a patient testimonial for the OA Ease.

In this edition:

- OA Ease
- OA Ease Patient Testimonial

OA Ease

The OA Ease is a single upright brace with a Dynamic Force System™ strap designed to relieve pain from mild-to-moderate unicompartmental knee osteoarthritis (OA).

Its wraparound design is easy to apply and remove using simple rubber pull-tabs, color-coded guide dots, and strap tension indicator lines.

This low-profile knee brace is comfortable, easy to use, and adapts to a variety of leg anatomies. The OA Ease can also be machine washed for effortless care.

Key Features

- **Easy Wraparound Design** - Simple rubber pull-tab, color-coded guide dots, and a convenient hinge alignment guide make application and removal simple
- **Relieves OA Pain** - 3-Point Leverage System with Dynamic Force System™ strap, shells, and low-profile hinges biomechanically unloads the affected knee compartment
- **Comfortable** - Stretchy, lightweight, and breathable fabric feels great against the skin and can be machine washed for effortless care
- **Discreet** – Low-profile brace with slim hinge can be worn under clothes
- **Control** – Fine-tune strap tension for custom pain relief with marked dosing indicator lines

"I use it every day; I wouldn't be able to keep working without it. I am up and down ladders all day, and without this brace, I cannot stay on my feet for long periods of time like I can when wearing it. Recently, I had to give my daughter away at her wedding, and I couldn't wear the brace, so I had to rely on my daughter for support. I was so happy to get my replacement wrap and continue working as an interior designer and painter. It's a life changer for me. Thanks Össur."
