

# Pro-Flex® LP

## Now Waterproof

Hello {{Recipient.FirstName}},

We're excited to share some updates with you. In this edition, we introduce you to the new Waterproof Pro-Flex LP and Proprio Feet, and our exciting feature in the global health campaign by Reuters'. We also share expressions of interest open for Mobility Clinic on the Snow, a wrap from Mobility Clinic in Melbourne and Touch Solutions Announcements.

In this edition:

## Waterproof Solutions Upgrades

### Pro-Flex LP®

The Pro-Flex LP is now waterproof and submersible in freshwater, salt water and chlorinated water.

The well-designed and lightweight anatomical foot cover features a steady-grip sole for barefoot stability on wet or slick surfaces and a sandal-clamping toe for a range of footwear including flipflops.

Jump In

## Proprio Foot®

The Waterproof Proprio Foot® is now available!

The foot has been improved to offer a more robust design that is easier to use with longer battery life. These recent improvements accommodate the needs of a broad range of users and lifestyles.

Dive In

## Unity for Pro-Flex LP and Proprio

We are also excited to announce upgraded waterproof versions of Unity for Proprio and Unity for Pro-Flex LP. The improvements made to the product to get it to this rating involve new coating on the Unity housing as well as minor design change on the housing, where edges were changed from chamfer to fillet.

Global Health Campaign by Reuters

The Global Health Campaign, hosted by [Reuters.com](https://www.reuters.com), is tackling this question head-on with ground-breaking documentaries that showcase the latest innovations in healthcare and we at Össur are proud to be one of the companies featured.

We are excited to share our sustainability journey and commitment to improving the health and well-being of people worldwide.

## Mobility Clinic on the Snow 2023

The Mobility Clinic on the Snow is a 3-day clinic and will give amputees the opportunity to learn and practice basic snow sport skills, including skiing, snowboarding, or sit skiing. We are pleased to partner once again with the amazing team at DWA.

We encourage you to let your clients know about the event and to express their interest to attend! They can find more information on our website linked below, or through our social media accounts such as [Facebook](#), [LinkedIn](#) and [Instagram](#)!

## Mobility Clinic 2023

The Össur Mobility Clinic 2023, was held in Essendon, Victoria on Monday 17 and Tuesday 18 April and was an outstanding event!

Over 100+ attendees had the opportunity to unlock their #LifeWithoutLimitations and learn basic, intermediate and comprehensive mobility techniques. The clinic featured a variety of sports activities, including Taekwondo, Yoga, Lawn Bowls, and more, for all amputees, regardless of age or ability, to participate in and enjoy.

# Touch Solutions Announcements

## White i-Limb® Skin Contour Cover - Now Available!

A new white cover will be included as part of the i-Limb hand package at no additional cost as one of the options for the 6 standard covers, and will also be available separately. Based on market feedback, a white i-Limb covering is now available. The white i-Limb Skin Contour covers will be painted by the Livingskin team following a similar process to the i-Limb Skin Natural process, but in a single white colour.

## Removal of car charger from i-Digits kits

Following the removal of the car charger from i-Digits kits, it was determined that the car charger would also be removed from i-Limb hand packages. Market feedback revealed that car chargers are not typically utilised by end-users since the batteries are intended to last a full day. The car chargers will no longer be included in kits effective immediately but will remain available to order separately.
