

# Naked Prosthetics Part of the Össur Family

Hello {{Recipient.FirstName}},

In this edition, we are excited to share with you Össur exhibiting at AOPA, including our workshop on Össur Upper Limb Solutions. We will delve into our upper limb range, explore our updated feet selection chart, and take a look at the recent upgrades to Rheo Knee® & Rheo Knee® XC.

## Explore the Upper Limb Range

**i-Limb®**

i-Limb are active hand prostheses, powered externally through sensors.

[Explore i-Limb](#)

**i-Digits®**

i-Digits are myoelectric prosthetic devices for partial hand loss or deficiency.

[Explore i-Digits](#)

**Livingskin®**

Living skin solutions are silicone prosthetic restorations designed to match unique details of each client.

**Naked Prosthetics**

Naked Prosthetics are a range of four functional, high-quality finger prostheses.

## Össur Mobility Clinic on the Snow 2023

On July 21-24, Össur had the amazing opportunity to run the Mobility Clinic on the Snow, where seven wonderful attendees traveled to Thredbo to experience a weekend of snow sports. Our attendees had an absolute blast, and some even let us know that a part of their soul has been unlocked! As always, head coach Joany lead the group to success and served as an inspiring coach alongside our DWA volunteer guides.
