

Patient Intake Form

Return via post, fax or email to ukprosthetics@ossur.com.

This form must be filled out completely to receive approval for design and manufacturing

Clinic:	Clinician name:	Email:	Phone:
Shipping address (or PO box)		City, county:	Postcode:
Patient identifier*:		Ring sizing date:	
Patient date of birth:		Final surgical procedure date:	
Patient gender:	Male Female Other	Patient occupation:	
Dominant hand:	Yes No	Did the injury occur at work? Yes No	
Please circle all affected fingers Left 1 2 3 4 5 Right 1 2 3 4 5		Insurance type:	
Patient email/phone – for use in relation to outcome measures only (<i>optional</i>)		Referring physician:	

Please explain cause of partial-hand limb difference	
Trauma: Sepsis Dysvascular Cancer: Congenital Other:	
Did the patient change or lose job due to amputation? Yes No	
Is the patient experiencing any of the following? Oedema Limited joint flexion Other concern that might affect function (<i>explain</i>): Hyper-sensitivity Limited joint extension Weakness Volume fluctuation	
Does the patient have access to hand therapy or occupational therapy (OT)? Yes No If yes, please provide therapist contact information:	
Has the patient tried any other prosthetic intervention? Yes No If yes, please specify: _____ If no, would you like to be connected with a resource? Yes No	

PATIENT GOALS – Please list the top five manual tasks the device(s) will assist with (<i>e.g. typing, cutting food, hammering, etc.</i>)	
1. _____	4. _____
2. _____	5. _____
3. _____	

ADDITIONAL NOTES

Interested in extending our standard (2) year warranty?

EXTENDED WARRANTY: Please check this box if you wish to extend our standard warranty by (1) year, subject to an additional cost.

NOTE: *The extended warranty must be purchased within 30 days of shipment of the device(s).*

The above information is true to the best of my knowledge. I understand that these data will be used to design a customised device. By signing the form, I accept responsibility for the information provided herein.

In this context, I expressly agree to the processing of personal data, measurement forms, and media by Össur to the extent required for the purpose of testing, ordering, and supplying Naked Prosthetics products. Processing by Össur shall be in compliance with data protection requirements according to the applicable general legal provisions. I am aware that this declaration can be revoked at any time by notifying Össur's Data Protection Officer (dpo@ossur.com).

*Please make sure to use coded patient identifier, not patient name.

Clinician signature: _____

PIPDriver®, MCPDriver®, ThumbDriver® and GripLock Finger® | Media Guidelines

VIDEOS + PHOTOS

Photos and videos are required to customise the device(s) for the patient. Photos and videos must be **400 kb** and provide an unobstructed view of each impaired digit.

PHOTOS

Please ensure hand detail (i.e. palmar creases) and ruler hash marks/ numbers are clearly visible in each photo.

- Orthogonal photo with ruler – fingers extended, palmar view
- Orthogonal photo with ruler – fingers extended, dorsal view

ROM VIDEOS

Required videos must include affected digit(s):

- Full flexion and extension – palmar view
- Full flexion and extension – dorsal view

It is critical that both hands are positioned **as flat as possible** against a stationary surface, such as a table, and that the photos are taken from **directly above** (perpendicular to) the hands and approximately **two feet (~60 cm) away** to avoid any possible distortion of the photos. **Failure to capture images according to Naked Prosthetics standards may require re-submission.**

REQUIRED ADDITIONAL PHOTOS OF IMPAIRED DIGIT(S)

- One down the barrel photo for each required ring sizing measurement
- Dorsal view – all sizing rings on and size visible in measurement position

Application checklist (check items off when complete)

SIZE & ROM

Record the following six measurements by filling in each appropriate box below with the corresponding sizing ring number and ROM measurement. Please use only the Naked Prosthetics' sizing kit numbers.

Use the drawing here for reference:

- ① Ring size at base of finger, where a ring normally rests
- ② Ring size at PIP joint (knuckle)
- ③ Base of the 2nd phalanx
- ④ Distal 2nd phalanx
- ⑤ PIP joint extension (use a goniometer)
- ⑥ PIP joint flexion (use a goniometer)

*Select an intimate fitting ring size for each measurement. Oval and round ring sizes are **not** interchangeable. For each measurement, **indicate** whether you used a round or oval ring.

LEFT HAND

RIGHT HAND

SIZE & ROM

Record the following four measurements by filling in each appropriate box below with the corresponding sizing ring number and ROM measurement. Please use only Naked Prosthetics' sizing kit numbers.*

Use the drawing here for reference:

- ① Ring size at base of finger where a ring normally rests
- ② Ring size ½-way between the base and end of finger
- ③ MCP joint extension (use a goniometer)
(hyperextension is a negative value)
- ④ MCP joint flexion (use a goniometer)

*Select an intimate fitting ring size for each measurement. Oval and round ring sizes are **not** interchangeable.
For each measurement, **indicate** whether you used a round or oval ring.

LEFT HAND

	L1thumb	L2index	L3middle	L4ring	L5little

PIPDriver®, MCPDriver® and ThumbDriver® | Colour, texture and titanium selection

Please refer to npdevices.com or a demo kit for visual aid.

Patient identifier: _____ Clinician: _____

STEP 1: Select a device colour

Raven

Slate

Deep Sea

Merlot

Forest

Dark Plum

Marina

Glacier

Shamrock

STEP 2: Select a titanium fastener

Silver

Brass

Sky

Cobalt

Jade

Blush

Indigo

Emerald

STEP 3: Select a texture

Natural

Corduroy

Pebble

Dots

Bloom**

** Not available for PIPDriver

REFERENCE: Application of texture and titanium fasteners

Please refer to the simplified images below to see which textures and colours of titanium fasteners can be applied to different locations. All locations where textures can be applied are shown in **solid black** in the images below.

Note: Texture and Titanium Fastener Applications are not available for GripLock Finger (order GLF on next page)

PIPDriver

APPLICABLE TEXTURES:

Natural, Corduroy, Pebble, Dots

Ti FASTENER LOCATIONS:

Proximal and distal fasteners

ThumbDriver

APPLICABLE TEXTURES:

Natural, Corduroy, Pebble, Dots, Bloom

Ti FASTENER LOCATIONS:

Anchor plate and linkage

MCPDriver

APPLICABLE TEXTURES:

Natural, Corduroy, Pebble, Dots, Bloom

Ti FASTENER LOCATIONS:

Backplate and ring fasteners

Please note that due to the manufacturing process, variations in the colour, shade, and tone of nylon components and anodised fasteners may occur.

GripLock Finger®

Patient identifier: _____ Clinician: _____

Included with each GripLock Finger purchase:

- GLF toolkit
- Corresponding dummy finger
- Anchor setup for alignment and final lamination
**Additional anchors can be purchased through customer service*

SIZE & ROM

To estimate appropriate GripLock Finger length, measure the distance from the palmar digital crease (1) to the distal end of the fingertip (2) on each corresponding intact finger, if possible. Use the following table to record your measurements:

Intact finger measurement

Intact digit	Index	Middle	Ring	Little
Length (mm)	_____ mm	_____ mm	_____ mm	_____ mm

GripLock Finger size

Use your measured lengths above to select the most appropriate GripLock Finger size for each digit. Be sure to consider any possible added length that may occur as a result of socket build up when deciding on final finger length.

Please indicate the number of each digits you would like to order in each corresponding box.

Length	Quantity	Capacitive <i>*Additional charges apply</i>
65 mm		
70 mm		
75 mm		
80 mm		
85 mm		
90 mm		

ALIGNMENT JIG

Please check this box if you would like to order an additional alignment jig with this purchase.

Colour selection
