

NAVII®

INTRODUCTION

Navii is a durable, waterproof microprocessor knee (MPK) with unparalleled freedom of movement. Navii ensures confidence in every step, no matter the terrain. Available in five nature-inspired colors, Navii's protective covers can be effortlessly switched with a magnetic snap-on to suit any occasion.

KEY FEATURES

- Strong actuator with innovative control technology and smooth swing dynamics.
- Waterproof Design (IP68, Pool, Ocean, Beach and Sand)
- Patient removable protective covers available in 3 different sizes. Medium and Long sizes easily customizable to various lengths. Standard size available in 5 different colors.
- Variable position mechanical lock which can be locked at 0°, 10° and 20°
- Accompanying Össur Logic app control center for all Össur bionic devices.
- Easy setup and fitting through the set-up wizard and powerful auto-adjustment
- Step-by-step functional training exercises for both in-clinic and at-home training through Össur Logic app.
- Progress tracking through printable activity reports.
- High Activity Features (step-over-step ascent, automatic cycling recognition, seamless transition into running)
