

Hello,

In this edition, we are excited to share with you an Össur CTi3 testimonial from Miles Davis. We dive into conference season, with a recap of NZOPA earlier this month, and give an insight into our exhibit at AOPA in October. Additionally, we invite you to attend our Webinar presented by Dr. Warren Leigh on ACL Advances & Challenges. Lastly, we talk about our focus on the bigger picture and our efforts towards a sustainable future.

In this edition:

- [Conference Season is Here](#)
- [ACL Advances & Challenges Webinar with Dr Warren Leigh](#)
- [Focused on the Bigger Picture](#)

[Miles Davis CTi3 Experience!](#)

I am an avid skier, I chose the CTi3 braces because they are very light and fit extremely well. The ability to control and limit extension was a non-negotiable factor, and some other brands do not offer this feature.

With the CTi3 braces, I can ski with confidence, knowing that my knee is highly protected against common injuries.

I am passionate about promoting the use of CTi braces among sports enthusiasts for injury prevention and recovery. I always share my positive experiences with friends and clients whom I train!

For over 20 years, I continue to use Custom CTi knee braces for off-road motorcycle riding. With the addition of my new CTi3 braces I am able to continue enjoying skiing with confidence and having fun in the snow. - Miles Davis

Conference Season is Here!

NZOPA 2023

Össur was proud to be a bronze sponsor at the 2023 NZOPA Conference, held in Christchurch, New Zealand on 2 & 3 September. The conference was a resounding success, attracting delegates from various professions within the field of allied health in New Zealand. We were thrilled to have Rod Cooper, the Regional Managing Director, in attendance, along with Anton Kemp (Bracing & Supports) and Rob Hodgson (Prosthetics).

You can hear more about our presence at NZOPA, including Bracing & Prosthetics focuses and presentations on our website below.

AOPA 2023

Össur are excited to be exhibiting again at AOPA Congress. This year, our bracing workshop is centered around the Cross Bracing Protocol Study. We will explain how this is now being included ACL post-operative care and discuss the important part the orthotist plays in this.

You can hear more about our presence at AOPA this year, including the Össur Cafe, After party and booth on our website.

ACL Advances & Challenges

Register for the webinar today!

In this webinar, Dr Warren Leigh will present a review of the current practice of ACL management, including diagnosis and initial management. The presentation will encompass a discussion of graft options, covering quadriceps, hamstring, and patella tendon, with a focus on outcomes. Additionally, the role of Lateral Tenodesis and meniscal surgery at the time of ACL reconstruction, as well as the optimal timing of surgical management, will be explored. The presentation will also address the optimisation of athletes and patients through physiotherapy, bracing, and provide guidance on the return to sports, including recommended testing protocols.

Webinar Session

Date: Thursday 28 September 2023

Time: 6:00pm - 7:00pm AEST

FOCUSED ON THE BIGGER PICTURE

Össur Green Initiatives

Did you know about our green initiatives? Every day in our Australian and New Zealand warehouses we are making small changes for the planet. Where we can, we use recyclable packing tape, 100% recycled plastic packing slip envelopes, compostable shipping labels and compostable mailers.
