Mobility Clinics 2024

As a healthcare professional, you play a crucial role in our Mobility Clinics. Not only do you have the opportunity to learn from our expert head coaches, but you also provide hands-on guidance to amputees, helping them improve their mobility.

In 2024, we are expanding our Mobility Clinics with the aim to reach more amputees and healthcare professionals. We aim to provide ongoing support and education for amputees as well as the healthcare professionals who work closely with them.

Watch the video below to understand your role and experience at Mobility Clinic.

Discontinuation: Non-retrofitable Unity kits

Effective immediately, Össur is discontinuing non-retrofitable Unity® kits.

A small number of Unity Compatible Össur feet (Vari-Flex®, LP Vari-Flex®, Re-Flex Rotate™ and Re-Flex Shock™) cannot be retrofitted with the Unity module due to the complexity of the assembly method. For these feet, the Unity kits will be discontinued. Pre-assembled Foot Kits with Unity remain available along with the existing Component kits of field replaceable items.

For further details, including a list of the discontinued items and the relevant component kits, see link below.
