

i-Limb® Ultra Titanium Upgrade

[Explore i-Limb](#)

Hello,

In this edition, we are excited to share with you an upgrade to the i-Limb® Ultra to titanium. We have an update for NZ Support & Enquiries below! We highlight the Naked Prosthetics range and showcase the new Intake and Fitting form. Lastly, we share our recent trip to New Zealand for the NZOPA Conference.

In this edition:

- [i-Limb Ultra: Now Titanium Tough](#)
- [NZ Support & Enquiries](#)
- [Naked Prosthetics](#)
- [Conference Season is Here](#)

i-Limb® Ultra: Now Titanium Tough

Following the upgrade of the i-Limb Quantum with titanium strengthened digits as standard, we are expanding this titanium standard option for all i-Limb Ultra hands. Titanium has been an optional upgrade for i-Limb Ultra hands, but the improved durability and increased reliability of this option will now become standard.

Naked Prosthetics

[Explore the Naked Prosthetics range](#), which includes four functional, high-quality finger prostheses that are designed within millimeters of a patient's unique amputation and hand structure. The range aims to support people with finger and partial hand amputations. The Intake and Fitting Form has been updated, there is now only one comprehensive form moving forward making it even more efficient for you to complete.

Conference Season is Here!

NZOPA 2023

Össur was proud to be a bronze sponsor at the 2023 NZOPA Conference, held in Christchurch, New Zealand on 2 & 3 September. The conference was a resounding success, attracting delegates from various professions within the field of allied health in New Zealand. We were thrilled to have Rod Cooper, the Regional Managing Director, in attendance, along with Anton Kemp (Bracing & Supports) and Rob Hodgson (Prosthetics).

You can hear more about our presence at NZOPA, including Bracing & Prosthetics focuses and presentations on our website below.

AOPA 2023

Össur are excited to be exhibiting again at AOPA Congress. This year, our Prosthetic workshop is centred around Össur Upper Limb Solutions. We will dive into the full range including high-definition cosmetic devices ([Livingskin](#)), mechanical partial hand ([Naked Prosthetics](#)), bionic partial hand ([i-Digits](#)) and bionic hands ([i-Limb](#)).

You can hear more about our presence at AOPA this year, including the Össur Cafe, After party and booth on our website.
