

Perth Bound! Mobility Clinic on the Move

Hello Sarah,

We are excited to announce that for the first time, Mobility Clinic on the Move is coming to Perth!

Date: Fri 14th & Sat 15th June

Location: HBF Stadium, Perth

This event offers a 2-day education clinic for Healthcare Professionals:

- Day 1 - Össur will deliver specialised training to enhance understanding of mobility challenges and refine skills in supporting individuals with limb differences
- Day 2 - Professionals will practice alongside amputee attendees in practical sessions

While attending both days is highly recommended for the optimal experience, you also have the option to attend only one day.

Ossur Academy: Optimising Outcomes for Upper Limb Course

Össur Academy is excited to introduce this unique event – 'Optimising Outcomes for Upper Limb'

This course is aimed at Prosthetists, Occupational Therapists and end users, and will feature hands-on practical training and education aimed at getting the most out of our Upper Limb Bionic and body-driven solutions.

Day One will focus on training and education for Prosthetist and OTs, looking to gain experience and confidence with i-Limb and i-Digit solutions, as well as Virtu-limb training (myo-site testing) and Biosim – the app used to programme Össur's UL Bionic devices.

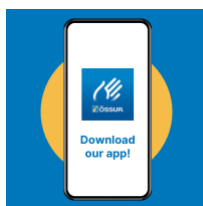

Day Two will focus on hands-on practical training, with the Prosthetists and Occupational Therapists having the opportunity to work with end users, currently using Össur's UL devices. Attendees will have the opportunity to learn how to optimise outcomes with the devices.

Date: Tue 9th & Wed 10th July

Location: Melbourne Össur Academy Facility

Meet Luke, Australia's Newest Power Knee User

We're pleased to share Luke's inspiring journey as a new left transfemoral amputee. Thanks to his prosthetist at Specialist Ambulatory and Rehabilitation Centre (SpARC), Modbury Hospital, Luke recently received his Power Knee and celebration pack!

Luke's journey towards mobility took a significant leap forward with Power Knee. After trying various options, he found that Power Knee

not only reduced his back pain but also gave him the freedom to walk longer distances with ease. What's more, it empowered him with a newfound sense of stability and control, especially on challenging terrains like slopes and uneven surfaces.

Exciting news! Luke is gearing up for a warrior games camp, and he's eager to put Power Knee to the test. We can't wait to see him in action and share more inspiring moments from his journey.
