

Cervical Injury Solutions for Comfort and Control

Miami J Select Collar

A universal, height-adjustable cervical collar offering:

- Market-leading range of adjustability
- Proven comfort and immobilisation
- Antimicrobial Sorbatex™ padding
- First-to-market locking mechanism for improved compliance

The *Miami J Select* supports patient comfort and outcomes with an all-in-one solution for cervical immobilisation.

Miami JTO Thoracic Extension

For enhanced stability at the cervical-thoracic junction, the *Miami JTO* is:

- Used exclusively with all Miami J collars when greater stability at the cervical junctions is indicated
- Tool-free and easy to apply
- Developed with input from spine surgeons, orthotists and nurses
- Outfitted with a patented chin strut for added control

Together, these products offer a flexible, clinically backed approach to managing cervical and high-thoracic spine injuries.

Welcome Stephanie

Your New Clinical Sales & Support Rep for the South Island, NZ

Email: snagal@ossur.com

We're pleased to welcome Stephanie Nagel to the Össur team in New Zealand!

With a background in physiotherapy, she graduated with a Bachelor of Health Science in 2018 and went on to work across community, hospital, and outpatient settings. During this time, she developed a deep appreciation for the role of bracing and supports in patient recovery and mobility.

Stephanie brings her unique blend of clinical and customer-facing experience to her role and is looking forward to supporting clinicians, building partnerships, and helping more people experience a Life Without Limitations.

Boost Clinical Knowledge with Össur Academy

Össur Academy - Bracing & Supports offers flexible, CPD-recognised education tailored for busy clinicians.

Explore free, on-demand eLearning courses, join or rewatch live webinars, or request custom product training with your local Clinical Specialist.

Whether you're new to bracing or looking to sharpen your skills, Össur Academy helps you stay current, confident, and patient-focused.
