

Hello,

In this email, you will find more information about the optional accessories for the Pro-Flex Terra, as well as shared experiences from people who use the Pro-Flex Terra.

Pro-Flex Terra

One Foot. All Day. Every Way.

The Pro-Flex Terra is a revolutionary advancement in prosthetic foot solutions. Designed to **provide unmatched comfort, performance, and freedom to prosthetic users**, the Pro-Flex Terra adapts to every lifestyle. It is **waterproof** and can be combined with **various optional accessories** to meet all daily requirements.

Accessories for Pro-Flex Terra

To meet all daily requirements

Snap-On Foot Cover

The new snap-on foot cover can be easily removed by the user for cleaning, whether after a day at the beach or working in the garden. **It is now available for separate purchase for all Pro-Flex and Proprio Feet.**

SandalFix

With SandalFix, the heel of the foot cover can be securely attached to open-heeled footwear such as sandals, allowing the user to wear sandals without worry. One Sandal Fix will be provided with each Pro-Flex Terra Foot Kit. Additional units are available to purchase.

Heel Wedge Kit

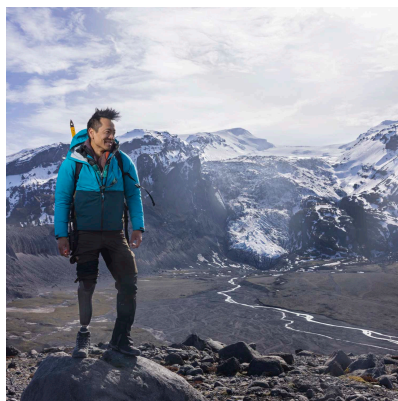

The heel wedge allows the user to adjust heel stiffness.

The kit contains soft, medium, and firm wedges, enabling users to adapt the stiffness to their individual needs. The Heel Wedge Kit will be provided with each Pro-Flex Terra Foot Kit.

Proven Benefits

We are happy to share some user experiences with you

Albert

"There are moments when I should be looking down to see what's

Karolina

"What this foot gives me is that I can spend more fun time with my

underneath me. But now I look up to see what is in front of me. I'm rediscovering aspects of my mobility that I had forgotten about since my amputation."

son. I can now play with him because it's no longer a problem for me to run short distances or play ball. With this foot I feel much fitter. It just works better."

See what a day in the life of Jürgen looks like

"My tractor is just like a four-wheel drive vehicle. You can do work, but you can also do leisure things with it. You can park it anywhere, you can drive anywhere. It's the same with this prosthetic foot. You can work hard with it, play sports, and do other activities that might be difficult if you had limitations with your foot." - Jürgen
