

Where the Gold Standard Meets Custom Comfort for Every Patient

Every patient is unique; that's why we offer a range of Unloader® braces tailored to meet diverse needs. Explore the [Unloader range](#) and find the perfect fit for your patients to ensure every individual receives the optimal support they deserve.

For your patients seeking mild osteoarthritis pain relief:

Formfit OA Ease:

- Lightweight, low-profile knee brace for mild to moderate OA

- Three-point leverage system helps offload the affected compartment
- Soft, wraparound design for comfort and easy application

Formfit Pro Knee OA:

- Lightweight, compressive sleeve design for early-stage OA
- 3D MotionTech™ knit for optimal fit, breathability, and support
- Low-profile, pull-on design for ease of use and everyday comfort

Discover the Gold Standard

Connect with us at AOPA 2025

We're proud to be a Supersite Exhibitor at AOPA Congress (16–18 Oct), showcasing Össur, College Park, Naked Prosthetics, and FIOR & GENTZ. Meet our specialists and explore the latest innovations.

Attend our Hands-On Workshop

FIOR & GENTZ Unpacked: Innovation, Outcomes and Real-world Results

Thursday 16 Oct | 12PM – 1:00PM

Presented by Tim Amor

- Understand stance control systems and KAFO trial kit use
- Gain confidence prescribing new FIOR & GENTZ ankle products
- Learn from real-world case studies and configurator use

Celebrate With Us: **The Össur Afterparty**

Join us on Saturday after Congress for the **Össur Afterparty**, your chance to relax, connect, and celebrate with friends and colleagues.

How to Join:

- **RSVP** to help us plan numbers
- Collect your official ticket at the Össur booth during the Congress
- Our team will be on hand to assist and answer any questions

Don't Miss Out on our Upcoming Webinar!

Mountain Biking Injuries and their Management: Looking after the extremes

This webinar will be presented by orthopaedic registrar and former elite athlete, Euan Speirits. This webinar looks at injury management in mountain biking and action sports, from elite athletes to weekend riders. It covers common injuries, differences between pros and amateurs, and bracing tips to support recovery.

Date: Wednesday 22 October 2025

Time: 6PM AEST
