

# ÖSSUR UPPER LIMB

## Brand Update: Naked Prosthetics Now Össur

As of January 2026, Naked Prosthetics products will be fully integrated into the Össur upper limb portfolio. The Naked Prosthetics brand will be phased out across all channels.

### What you will notice

- Össur branding across packaging, brochures, and digital platforms

### What remains unchanged

- GripLock Finger® , PIPDriver® , MCPDriver® and ThumbDriver® remain available
- Product design and quality are unchanged
- Ordering, support, and service continue through existing Össur channels

We are proud to continue the Naked Prosthetics legacy and support you with the innovation and expertise you expect from Össur.

Please reach out to your Clinical Specialist if you have any questions.

GripLock Finger

PIPDriver

MCPDriver

ThumbDriver

## Product Announcement

### Updates to Mechanical Upper Limb

#### Photo Intake Mat

In addition to our branding update, a new Photo Intake Mat (Item Number: NPD1-0144) is available to support clearer, more consistent clinical images when ordering Mechanical Upper Limb devices.

The mat helps achieve correct scaling and clearer images, reducing retakes and supporting a smoother ordering experience.

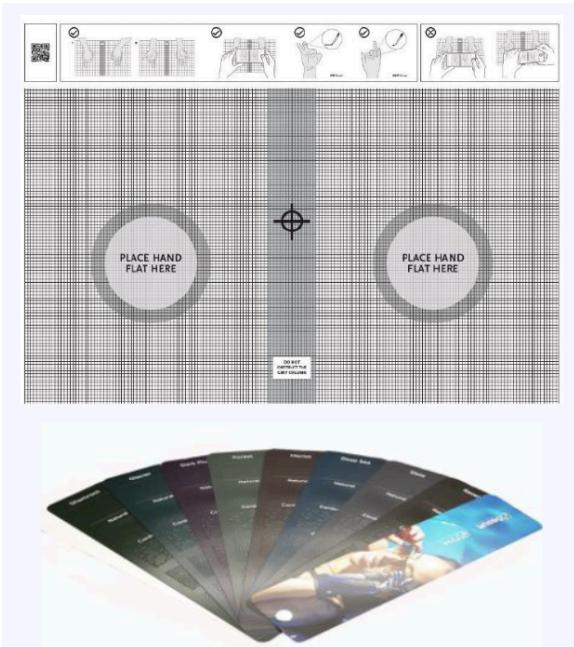

#### Marina Colour Update

The Marina colour option will be discontinued.

- End of sales: **31 January 2026**
- End of support: **31 January 2029**

#### Request Yours Now

Request the Photo Intake Mat at no cost through your Clinical Specialist.

## **Microprocessor Knee (MPK) Rehabilitation Rental Program Update**

### **The Rehabilitation Program Now Includes Navii and Icon**

We are excited to announce the addition of Navii and Icon MPK's to the Rehabilitation Rental Program.

This program is designed to offer extended access to our Microprocessor Knees (Navii, Power Knee, Rheo XC and Icon) for those seeking longer-term rental options for rehabilitation and interim solutions.

Our standard complimentary product trial remains available to you. The Rehabilitation Rental Program has been introduced for those looking for an extended period to assess the effectiveness of our MPK's for primary users, offering 3- and 6-month rentals, with a 3-month extension also available. If you are interested in a longer-term rental for your client or more information about the Program, including updated pricing, please reach out to your Clinical Specialist or contact our Customer Care team.

A new request form is now available, please download the form most relevant to you:

### **Product Announcement Female Tube Clamp Improvement**

The **Female Tube Clamp** (Item Number A-342100) has been improved for greater durability, with a thicker anodising coating. This results in a visual change to the external finish, while remaining **Weatherproof** with no change to pricing or item number.

The improved version will be introduced as a rolling update once existing stock has been depleted.

## Product Announcement

### Mauch® Knee Plus Discontinuation

The **Mauch® Knee Plus** and associated parts will be discontinued, with final orders accepted until **3 February 2026**. After this date, new orders will no longer be available. The **standard Mauch® Knee** will continue to be available.

Service and repair support for existing Mauch® Knee Plus users will remain in place until **3 February 2031**, and all orders received prior to **3 February 2026** will be fulfilled.
