# Universal Cervical Collar

## Introducing our New Universal Cervical Collar

Following the discontinuation of our foam cervical collar, we are pleased to introduce a new **Universal Cervical Collar** to the Össur range.

- ✓ Designed for both clinicians and patients, this collar offers a simple and reliable option for mild cervical support and comfort.
- ✓ Medium density foam, contact closure and an adjustable neck strap make application quick and efficient for everyday clinical use.

### Indications include:

- Neck extension injuries (whiplash)
- Herniated cervical disc
- Cervical spondylosis
- Rheumatoid arthritis and osteoarthritis of the cervical spine

Available in **low, regular and tall** sizes, the Universal Cervical Collar is a practical addition to support patient care.

## Welcome to the Team

WA's New Rep!

Email: [lrbrown@ossur.com](mailto:lrbrown@ossur.com)

We are pleased to welcome Layla Brown as Regional Sales Manager for WA. Layla brings experience across both public and private healthcare settings as a physiotherapist in WA.

Her background in physiology and physiotherapy, combined with a strong focus on biomechanics and non invasive solutions, allows her to work closely with clinicians to support better patient outcomes and day to day decision making.

Layla will support our customers across WA with a strong clinical foundation and a practical, patient focused approach.
