

Formfit® Walker Range

Smarter design. Better outcomes

The upgraded Formfit Walker range is now rolling out across standard and low top versions, with lightweight design features to support comfort, stability and everyday recovery.

Formfit® Walker

Lightweight immobilisation for everyday support and recovery.

- 25% lighter design
- Lower heel height
- Rocker sole for smoother movement
- Shock absorbing, slip resistant base

Formfit® Air Walker

All the benefits of the Walker, with added adjustable air support.

- Built in air system
- Easy pressure adjustment
- More secure fit
- Helps manage swelling and stability

WEBINAR SERIES

[Register Now](#)

Lower Limb Tendinopathy and Fasciopathy

Date: Wednesday 27 May 2026

Time: 6PM - 7PM AEST

Common. Complex. Often challenging to manage.

Join our webinar with Dr David Long as he covers key subtypes, common presentations, and practical management approaches, including options for more persistent cases.

Dr Long is a Sport and Exercise Physician based in Victoria, with extensive experience across elite AFL environments, including serving as Chief Medical Officer at the Geelong Football Club.
