Introducing SmartMeasure3D

[Download the App](#)

Truly 3D. Truly Custom.

We're pleased to introduce **SmartMeasure3D**, the next generation of the SmartMeasure application, making patient measurement simpler, faster and more accessible.

Designed for custom Össur knee bracing, SmartMeasure3D brings measurement, brace customisation and ordering together in one streamlined digital experience.

3D scanning. Built right in.

Using the built in camera on a compatible iPhone or iPad, SmartMeasure3D allows you to capture a **3D scan of your patient's leg directly within the app.**

No separate scanning device required.

IMPORTANT UPDATE

Legacy SmartMeasure retiring 31 December 2026

The legacy SmartMeasure application will be retired on **31 December 2026**. Customers currently using the platform will need to transition to SmartMeasure3D.

Please note: incomplete drafts or submissions will not transfer to the new platform.

We recommend making the switch early to ensure a smooth transition.

WEBINAR SERIES

Invest in Your Clinical Expertise

Join our upcoming webinars to gain practical knowledge, hear from industry experts and discover insights you can apply in your clinical practice.

All attendees receive a certificate of completion, which can be used to claim CPD points.

Dr Andrew Wallis
Orthopaedic Surgeon

Winners will be randomly selected from all eligible entries and contacted by their local Össur representative on **Wed 7 Oct 2026**.

Prize includes accommodation only. AOPA Congress registration, travel and additional expenses are not included. T&C's apply.

Össur at AOPA 2026

A Great Weekend at NZOPA 2026!

This year, we were proud to have our biggest Össur booth team yet at NZOPA, and it was fantastic to see so much engagement throughout the conference. Our 5 Second Buzzer Challenge was a hit, with a talented few stopping the clock at exactly 5.00 seconds, while the Passport Challenge kept everyone busy throughout the weekend.

Thank you to everyone who visited the stand, joined our workshops and took the time to chat with the Össur team. We loved being part of another great NZOPA and connecting with the New Zealand P&O community.
